You've finished all the courses and training plans in your list, congratulations! Looking for more to do? [Click here](#) to visit our search page.

Select the course to register

The screenshot shows a web browser window with the URL <https://www.train.org/indiana/search?query=1084432>. The page header includes the Indiana TRAIN logo and navigation links: HOME, COURSE CATALOG, YOUR LEARNING, CALENDAR, RESOURCES, DISCUSSIONS, ADMIN, and HELP. A search bar is located on the right. Below the header, a message states: "Use this page to search for any course or document on the TRAIN Learning Network site. The results may be limited by any groups you have joined within TRAIN ([see your profile for details](#))."

The search results section shows a search box with the query "1084432" and a magnifying glass icon. To the right of the search box are buttons for "Add to Favorites" and "List View", and a dropdown menu set to "Sort by relevance". Below the search box, a "Filters" sidebar is visible with a "Search By" dropdown menu. The dropdown menu is open, showing options: Courses, Training Plans, Non-TRAIN Events, Resources, and Discussions. The main content area displays "1 record(s) found." and lists the course "Dentistry and Basic Non-Opioid Prescribing in Pain" by the "Indiana State Department of H". The course is labeled as "Web-based Training - Self-study" and has a rating of "★★★★★ (1 Rating)".

The footer of the page includes links for "About", "Support", and "Policies", a "Powered By PHF" logo, and a "Select Language" dropdown menu. The browser's address bar at the bottom shows the URL <https://www.train.org/indiana/course/1084432> and a zoom level of 100%.

Move through course by reading each slide then select “Next” in lower right hand corner of each slide.

The screenshot shows a web browser window with the address bar displaying <https://intrain.isdh.in.gov/Content/ohs/PainManage/Preser>. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The toolbar contains icons for home, back, forward, print, and other functions. The page title is "Pain1-2019.04-b1-Course (00:05 / 03:45)".

The main content area displays a slide titled "Dentistry and Basic Non-Opioid Prescribing in Pain" by Dmitry M. Arbuck, MD, President, Indiana Polyclinic. The slide also lists his affiliations: Clinical Associate Professor of Psychiatry and Pain Management, Marian University College of Osteopathic Medicine, and Clinical Assistant Professor of Psychiatry and Medicine, IU School of Medicine. The website www.IndianaPolyclinic.com is mentioned. The version is noted as April 2019.

A sidebar menu on the left lists 34 topics, with "1. Dentistry and Basic Non-Opi..." selected. The bottom of the slide features navigation controls: a progress bar, a "PREV" button, and a "NEXT >" button. The bottom right corner of the browser shows a 100% zoom level.

After completing the course close the course window and select “Assessment”

The screenshot shows a web browser window with the URL <https://www.train.org/indiana/course/1084432/>. Assessment

Dentistry and Basic Non-Opioid Prescribing in Pain

Click 'Start Assessment' button to start the assessment.

Please note: the number of attempts you have to complete the pre-assessment may be limited. If you are unable to complete the pre-assessment for any reason (such as technical error, power outage, exiting the window prematurely, etc.) and TRAIN will not re-open the pre-assessment when prompted, please withdraw from the course and re-register.

Supporting Resources were sent via email upon registration for the course:

The 1st attached file, Pain1-2019.04-b2-Cases, are Hypothetical Cases for use while taking the assessment. There are 7 questions with multiple choice answers. Please read each case study before answering the questions, for example: Case 1 will coincide with question 1 of the assessment, Case 2 will coincide with question 2 of the assessment, etc.

The 2nd attached file, Pain1-2019.04-b3-Optional, is additional information regarding the Risks of Adverse Events Associated with NSAIDs and is not required to receive CE credits.
